# Multi-Pleat Series AB, HW & SG

High Performance Replacement Filters for Residential Air Cleaners

Koch Filter Corporation manufactures a complete line of Koch-brand replacement filters for residential and commercial air filtration systems. Each type is offered in three efficiency ranges, MERV 8, MERV 11 and MERV 13, and in all popular sizes.

- **MERV 8, 11 & 13**
- **High performance synthetic media**
- **Durable high wet-strength beverage board frame**
- **UL Classified**

Multi-Pleat Series AB
Replacement filters for Trion Airbear® and Air Cub®

Multi-Pleat Series HW
Replacement filters for Honeywell® F-series.

Multi-Pleat Series SG
Replacement filters for Aprilaire® Space-Gard® media

Koch Filter Corporation…Durable. Reliable. Versatile.

Filter
Services of Indiana, Inc

Moisture resistant frame remains sturdy even in high humidity.

Rust resistant galvanized wire downstream (not shown) gives the filter rigidity and holds media in place after installation.

Built-in support fingers hold pleats in place and allow for maximum dust holding.

Gasket helps seal the filter into the air cleaner and prevents dust from bypassing the filter. Gasket is factory-installed on models AB and SG only.

All models of Multi-Pleat AB, HW and SG are available in MERV 8, MERV 11 and MERV 13 efficiencies. MERV 11 shown at right.
Series HW MERV 8
Replacement for Honeywell®

Series AB MERV 8
Replacement for Airbear®

Series SG MERV 8
Replacement for Space-Gard®
